

FALL FOLIAGE &

WACKY WATER ADVENTURES

Join us this Fall as we take a quick trip to one of Illinois' treasures. Voted one of the "Top 10 Places for Fall Colors in the Midwest", Starved Rock State Park is filled with an ever-changing beautiful array of color in the Fall. Autumn rains make the waterfalls active again too. We will be staying at Grizzly Jack's Grand Bear Resort. We will enjoy skin drenching fun in Illinois' year-

round indoor water park, Grand Bear Falls, the 24,000 square foot indoor water park. After enjoying the autumn colors on a hike, we can splash in the wave pool, slide down a water slide and float down the lazy river. Hiking, a water park, entertainment and socializing with your friends- this trip has it all! Sign up now; an exciting adventure awaits you!

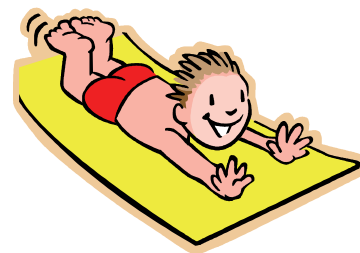

*****This trip is designed for high functioning individuals that can participate in all activities and posses all self-help skills.***

Registration Deadline: Friday, June 4th
