

February 2, 2021

Dear SWSRA Families and Participants,

In accordance with Governor Pritzker's announcement that our area has moved into Phase 4 from Tier 1 as of February 2nd, 2021 according to the Restore Illinois Plan, SWSRA will be moving forward to offer more in-person programming. While our team has been monitoring the COVID-19 progression, updates, and guidelines set by the CDC and IDPH, we also have been in close communication with our participants, families, and staff members to get a better idea of what measures our population is comfortable with.

Our Recreation Team has been working diligently to provide as many recreational opportunities to you as possible virtually. Now that the guidelines are allowing more flexibility, we are hoping to open more in-person programs starting March 15th. A survey was sent out to families on January 27, 2021 in order to collect information to better help us offer the programs that people are comfortable participating in right now. Based on the information collected, we will determine which programs we can offer for the Spring Season in addition to virtual programming.

SWSRA is dedicated to providing our population with the safest options of recreation to keep you and our team safe. We appreciate your understanding, support, and patience as we navigate through this and make changes to our programs.

Please continue to refer to our website at www.swsra.com for the latest updates and information regarding programs and COVID-19. If you have specific questions, feel free to e-mail me at sprieboy@swsra.com.

Thank you,

Susan Prieboy
Superintendent of Recreation
